	LED - 2700°K fixed in the luminaire

WHEN STYLE LIGHTS UP, THE ATMOSPHERE IS CREATED

Exclusive lighting handmade by the Stéphane Davidts Manufactory Brussels.

Choose Stéphane Davidts for the best in lighting to add the finishing touch to your interior, creating atmosphere and adding a unique character to your living space. Selection of lighting responds to functional requirements with regard to intensity, direction and color as well as the aesthetic side of lighting design which will reinforce the unique character of your home. Superbly designed suspensions to perfectly illuminate your dining table. Our table and floor lamps are real decorative pieces to enhance and illuminate where quality and finish are vital. Our range of unique wall luminaires designed to grace the most luxurious homes. An attractive design will enhance each room of the house, the entrance hall, bedrooms, office, living room all have specific lighting requirements which may be found in these pages, and we must not overlook picture lights to illuminate and bring to life paintings and works of art.

Stéphane Davidts designs and manufactures light fixtures in his Brussels workshops with a team of metal workers and craftsmen who are highly skilled in the most complex manufacturing techniques. Mainly working in premium brass the most noble material for lighting. Our metal finish not only enhances the aesthetic qualities of each luminaire but also is guaranteed to remain bright over time. Our team is expert in all brass finishes including polished or brushed brass, various bronze patinas and brushed or polished chrome and nickel also including painted black or white structured coating.

For the production of lampshades, we purchase the finest and most fashionable materials and fabrics from across Europe. Stéphane Davidts premium hand-made lampshades are designed for aesthetics and constructed to last.

Working in the long tradition of Belgian design, Stéphane Davidts designs and manufactures all of the lights illustrated in this catalogue.

**The Lighting Collection,
the most complete collection for your interior**

soap FROM boommo!

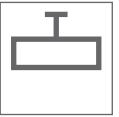

Bomma is a company recognized in the traditional Czech glassware. With centuries of traditions and know-how in East Bohemia, it takes advantage of a rich reservoir of talents and top-level skills to create exceptional pieces in its workshops.

It has partnered with Stéphane Davidts, who offers a wide range of cabled ceiling bases, to showcase their beautiful creations.

DIFFUSERS FOR SHADES

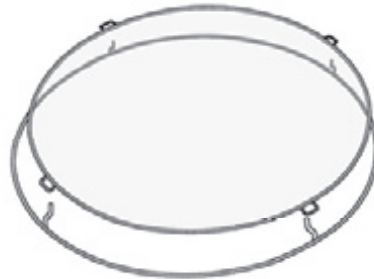

INTEGRAL DIFFUSER

Position in the shade

The Integral diffuser fits only on cylindrical shades (round, square, rectangular or oval)

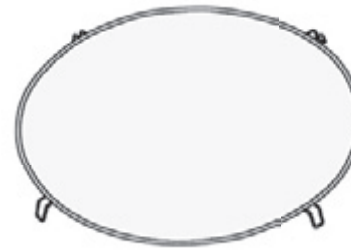

DIFFUSER WITH EYELETS

Position in the shade

The diffuser with eyelets is available for all shades (round, square, rectangular or oval)

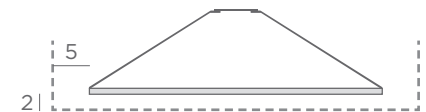

DIFFUSER WITH HOOKS

Position in the shade

The diffuser with hooks is available for shades with maximum size of 60 cm (round, square, rectangular or oval)

DIFFUSER WITH ATTACHMENT

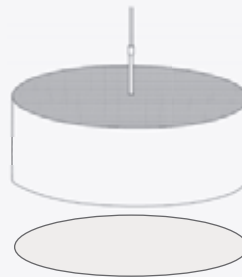

Position in the shade

The diffuser with attachment is available for all shades (round, square, rectangular or oval)
This diffuser is not available to use with KENTIKA bases

MOSQUITO NET FOR SHADES

round, square, rectangular or oval

The mosquito net can be placed on all shades with suspension.
For bases KENTIKA E27 and KENTIKA NOURRICE (page 45), shade Ø 60 cm is the maximum size for easy placement.

Use an integral diffuser for a maximal efficiency of the mosquito net

MATERIALS & COLORS FOR SHADES

Our shades are available in a range of trendy colors and various materials. A significant added advantage of this “Made in Belgium” collection, which will be greatly appreciated by professional interiors designers.

Our wide range allows you to easily match the shades with any type of interior.

The shade code (4 digits) indicated under each luminaire with shade must be completed by the fabric code (3 digits) taken from each fabric sample.

Codes from 0 to 4 refer to five price categories listed in our price list.
